## How to get your PayPal Client ID

- 1 If you don't already have a stripe account, you would need to sign up for one at <a href="https://www.paypal.com/uk/business">https://www.paypal.com/uk/business</a>
- 2 Please ensure yours is a PayPal Business Account, as you cannot accept more than £500 in a month in individual account.
- 3 Once you have registered, you would need to activate your account by filling in the required details.
- 4 Pease ensure your account is approved and not restricted in any way. The easiest way to do this is by visiting this link. <u>https://www.paypal.com/disputes/</u>
- 5 If there are any restrictions, it would show as image below:

## 6 If you see any restrictions, click on Go to Account Limitations and then click on resolve.

- 7 Once you have managed to do this, please ensure you have no other limitations by visiting this link again: <u>https://www.paypal.com/restore/dashboard</u>
- 8 If you do not see any other resolve actions, you are good to go.
- 9 Click on the Home Button at the top and then click on Developers Button Tab as shown below:
